

# *Oral Multimedia Presentation*

## Overview

Students will create a multimedia presentation using PowerPoint, iMovie, Keynote, or any other presentation software you desire. The main idea of this lesson is for students to create a visual presentation, but present with an oral 1-2 minute speech (talk).

## Content Area/Grade Level

5<sup>th</sup> grade or higher, all subjects

## Lesson Ideas

Favorite vacation, a place they'd like to visit, any topic they study/research such as a historical event or person, favorite book, steps in a science experiment, how to...complete a math problem, make something, or any other detailed idea.
