Portfolio Requirement for High School Students

- Students must complete **5 activities per year in addition to the required components** and add them into an electronic portfolio such as OneDrive. The asterisk (*) activities are required and must be added into the portfolio.
- During the senior year of high school, students must add their Capstone Project to the Portfolio.
- The Academic Advisor will check to make sure all required Activities and the Capstone Project meet the requirements for graduation.
- Upon completion of all components, students will receive 1 credit. (One full credit with the class of 2019, .25 credit every year for completion)
